Pumpco Services
“Pennsylvania Project”
5/14/2010

V/O: Male, 40’s, rugged, serious, strong, intelligent

V/O:

“The place: Pennsylvania. The mix: superior talent, tools, and techniques. The time: right now. The conditions are prime for powerful energy exploration and opportunities with Pumpco Services.

Small but mighty, backed by billions, and positioned for success, Pumpco is the hydraulic fracturing and cementing division of Complete Production. If you have frac experience and demonstrated success in the oilfield services industry, tap into groundbreaking opportunities with Pumpco’s Pennsylvania project.

We’re hiring experienced Product/Materials Supervisors, Field Engineers, Field Sales and Service Supervisors, HSE Managers, Operations Managers and others for our frac group.

Get your hands dirty, your mind engaged, and your potential rewarded with Pumpco. Join us and experience excellent pay, growth, and health and savings benefits.

Email your resume and a description of your experience to Pumpco jobs at S-B-C global dot net. Email: P-U-M-P-C-O jobs at S-B-C global dot net today!

Pumpco is an equal opportunity employer.”
